Proposed Guidelines for writing MPhil/PhD Thesis

There is no hard and fast rule in terms of the structure for a thesis. However, Iqra University would prefer the thesis/dissertation writing to follow the APA style for the purposes of referencing and footnoting the manuscript as well as the bibliography.

Appendices are enclosed which briefly define the approximate content and time requirements for completion to set a guideline for candidates to plan their approach. Brief description of writing a research proposal is also enclosed as a guideline.

The following sections lay down broad guidelines for the formatting that will be considered to be the necessary requirements for submission of the dissertation/thesis. This format will provide a standard to facilitate printing and subsequent use in the library.
